

FULL TIME / ASSLAR

Trainee Industrial Mechanic (m/f/n)

BUDERUS Schleiftechnik GmbH is an internationally active mechanical engineering company in Aßlar in central Hesse. We are a member of the DVS TECHNOLOGY GROUP and one of the leading suppliers of precision machines for hard-fine machining of rotationally symmetrical components. We are one of the leading suppliers of precision machines for internal cylindrical grinding, external cylindrical grinding and thread grinding, as well as for the combination of these grinding technologies with hard turning. Our customers have been appreciating our products and the professionalism and know-how of our employees since 1949.

Your tasks, among others:

- ✚ The handling of materials and tools, and the reading of technical documents such as drawings
- ✚ Manufacture of construction elements by manual and mechanical manufacturing processes (filing, bending, drilling, milling, turning, ...)
- ✚ Planning and organising work processes and also checking and evaluating the work results
- ✚ Testing mechanical and physical parameters
- ✚ Assembling and dismantling machines, devices and fixtures
- ✚ Commissioning systems and plants, including control and control technology and also briefing customers

This is what you can look forward to:

- ✚ A 3.5-year apprenticeship in which you learn the necessary tools of the trade
- ✚ Dual training, during which you will spend two days in vocational school and three days in the company
- ✚ Supporting factory instruction and accompanying courses

What we would like from you:

- ✚ At least one good intermediate school leaving certificate
- ✚ Interest in technical contexts and manual dexterity
- ✚ Systematic and logical thinking as well as the concentration to work precisely on tasks
- ✚ Motivation and commitment to tackle new, interesting activities and projects
- ✚ Enjoy working in a team
