

FULL TIME / KÜRNBACH

## Warehouse Manager (m/f/n)

DVS Production South GmbH is an internationally active manufacturing company based in Kürnbach, Baden. As part of the DVS TECHNOLOGY GROUP, we are one of the most competent providers of classic contract manufacturing in Germany. Our core competence is the machining of precision components for all industrial applications. Thanks to our innovative production, based on Industry 4.0, we manufacture, for example, truck wheel hubs highly efficiently and almost fully automatically.

### Your tasks, among others:

- + You are responsible for our warehouse, in particular the incoming goods, the storage of our products and the outgoing goods
- + Loading and unloading of trucks by means of forklift trucks
- + Provision of materials for production orders
- + Regular inventory work and stock control
- + Warehouse organisation and general warehouse management activities
- + Ensuring order and cleanliness in the warehouse area

### Your profile:

- + Completed training as a warehouse logistics specialist or a comparable qualification in the warehouse sector or knowledge and skills acquired in another way
- + Several years of work experience desirable
- + You have a valid driving licence to operate industrial trucks and are confident in handling a forklift truck
- + Independent, structured and self-reliant way of working
- + Confident handling of a PC
- + Written and spoken German
- + Reliability, team spirit and the ability to work under pressure round off your profile
