

FULL TIME / ESCHWEGE

Cutting Machine Operator (m/f/n)

PRÄWEMA Antriebstechnik GmbH is an internationally active mechanical engineering company based in Eschwege in North Hesse. We are part of the DVS TECHNOLOGY GROUP and develop and produce machines for the machining and manufacture of gears, synchronous parts and vehicle transmission shafts. Thanks to our customer-specific solutions, the extraordinary precision of our machines and the know-how of our approx. 300 employees, we are the market and technology leader in the field of gear honing. Machines are our products, people our potential.

Your tasks, among other:

- + Operation and setup of the DMC125U and DMC160U
- + Manufacturing workpieces according to drawings
- + Independent tool set-up
- + Setting up new parts according to programme
- + Checking the finished workpieces with common measuring and testing equipment

Your profile:

- + Completed vocational training as a metal cutting mechanic or equivalent training
- + Experience in setting up and programming (ideally Milli-plus)
- + Independent and target-oriented work style
- + Ability to work in a team and reliability
- + Good written and spoken German

What we offer:

- + Alternating shift
- + 35 hours weekly working time
